CELEBRATING  
OVER  
**40**  
EST.  
1982 YEARS

## Greetings!

We are delighted to welcome you to Key West! For over 40 years, the Key West Attractions Association has been successfully promoting Key West as a popular worldwide destination.

Our mission is to foster and cultivate the social, educational, and business relations of our members. We aim to broaden their interests and improve their standards of efficiency, and we work together to promote cooperation in all matters of interest to their businesses. We also maintain higher standards in business dealings, and as a result, we have the ability to effectively correct trade issues in our industry.

While you are here, we invite you to take a stroll through historic Old Town and see hundreds of examples of 19th-century architecture. You can also sail just seven miles offshore and experience North America's only living coral reef, tour the homes of Hemingway and Harry Truman, enjoy boating, diving, snorkeling, and jet skiing, join the sunset party on a pier or the water, visit some of the most unique museums in the U.S., and experience our heritage in art galleries, shops, hotels, and restaurants designed to suit every style and taste.

We want to remind you that all members of our service industry rely on gratuities as part of their daily lives. If you have a good time during one of your excursions, please show them some appreciation.

Thank you for choosing Key West as your destination. We hope you have a wonderful stay!
